

HLA 300 PROFESSIONAL LINEAR AMPLIFIER

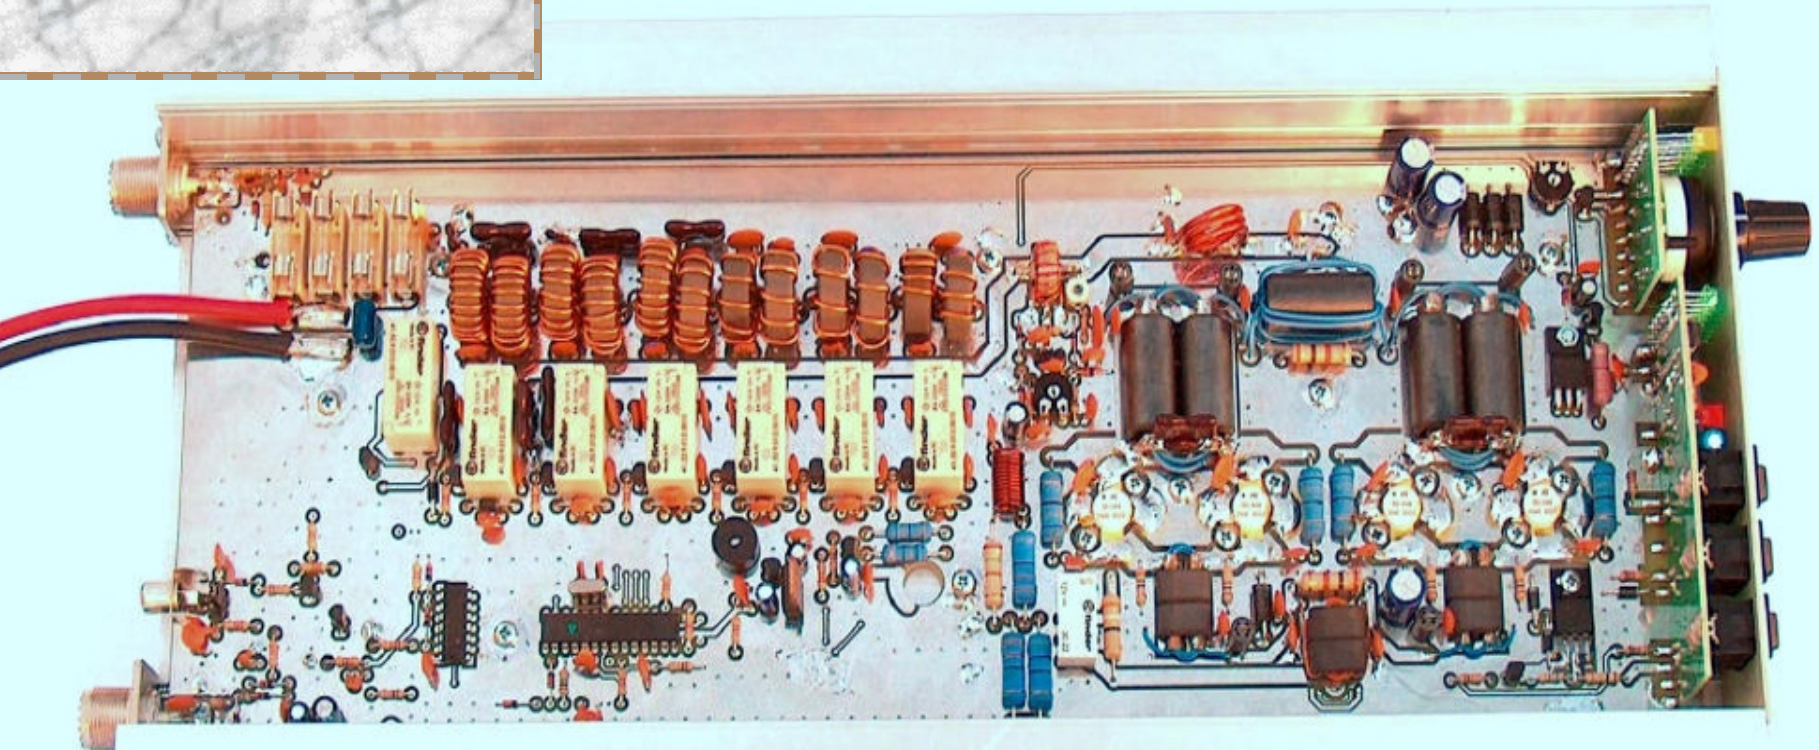

- All band – All mode HF Linear amplifier
- Just studied for low power devices

- All band – All mode HF Linear amplifier
- Just studied for low power devices
- Six low-pass filter
Automatic or Manual selection
2.5,4,8,15,22,31 MHz cutting frequency
- Output power indicator
- **High SWR protection**

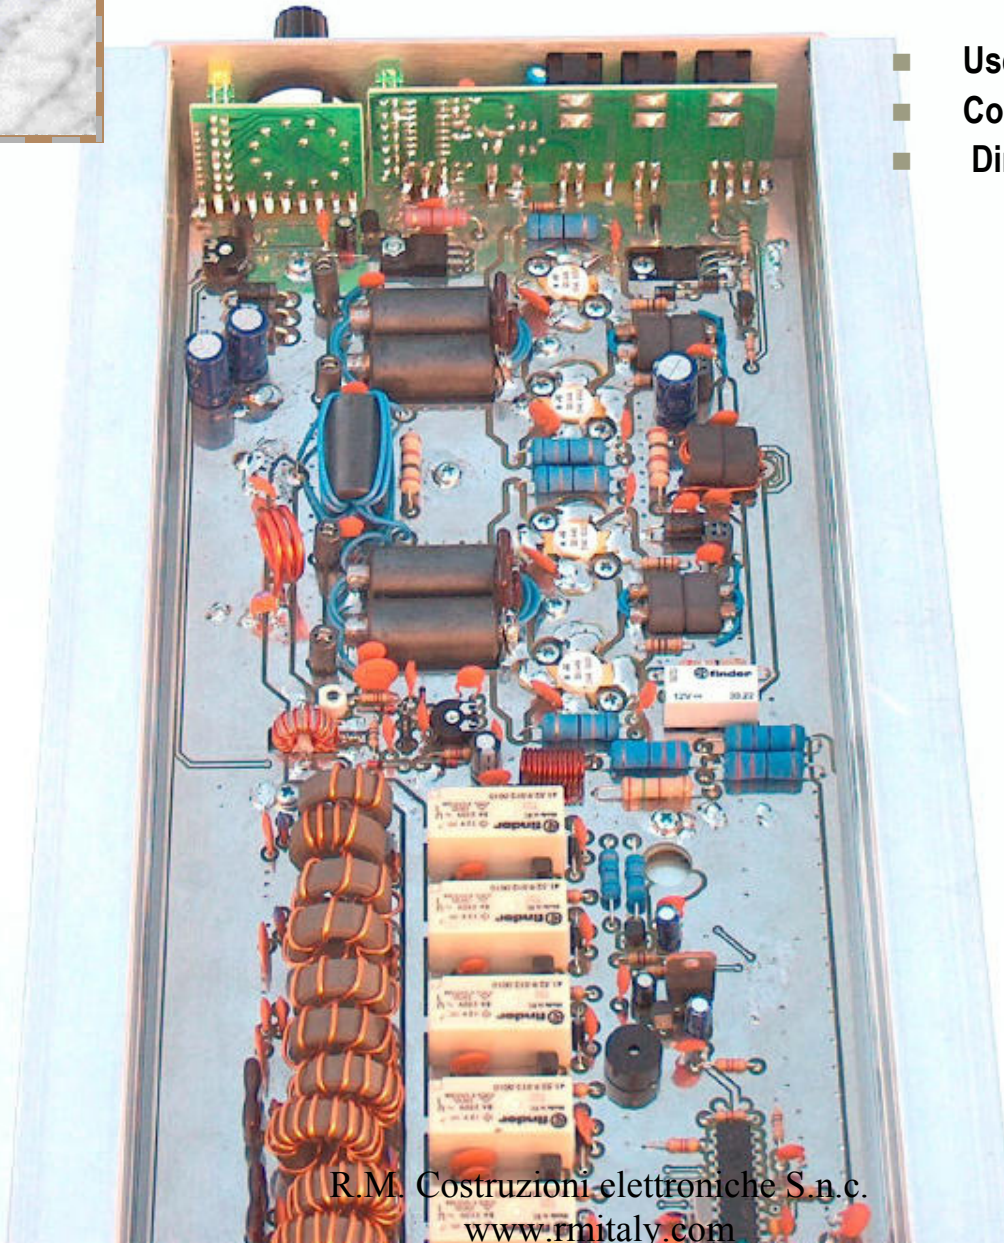

Specifications

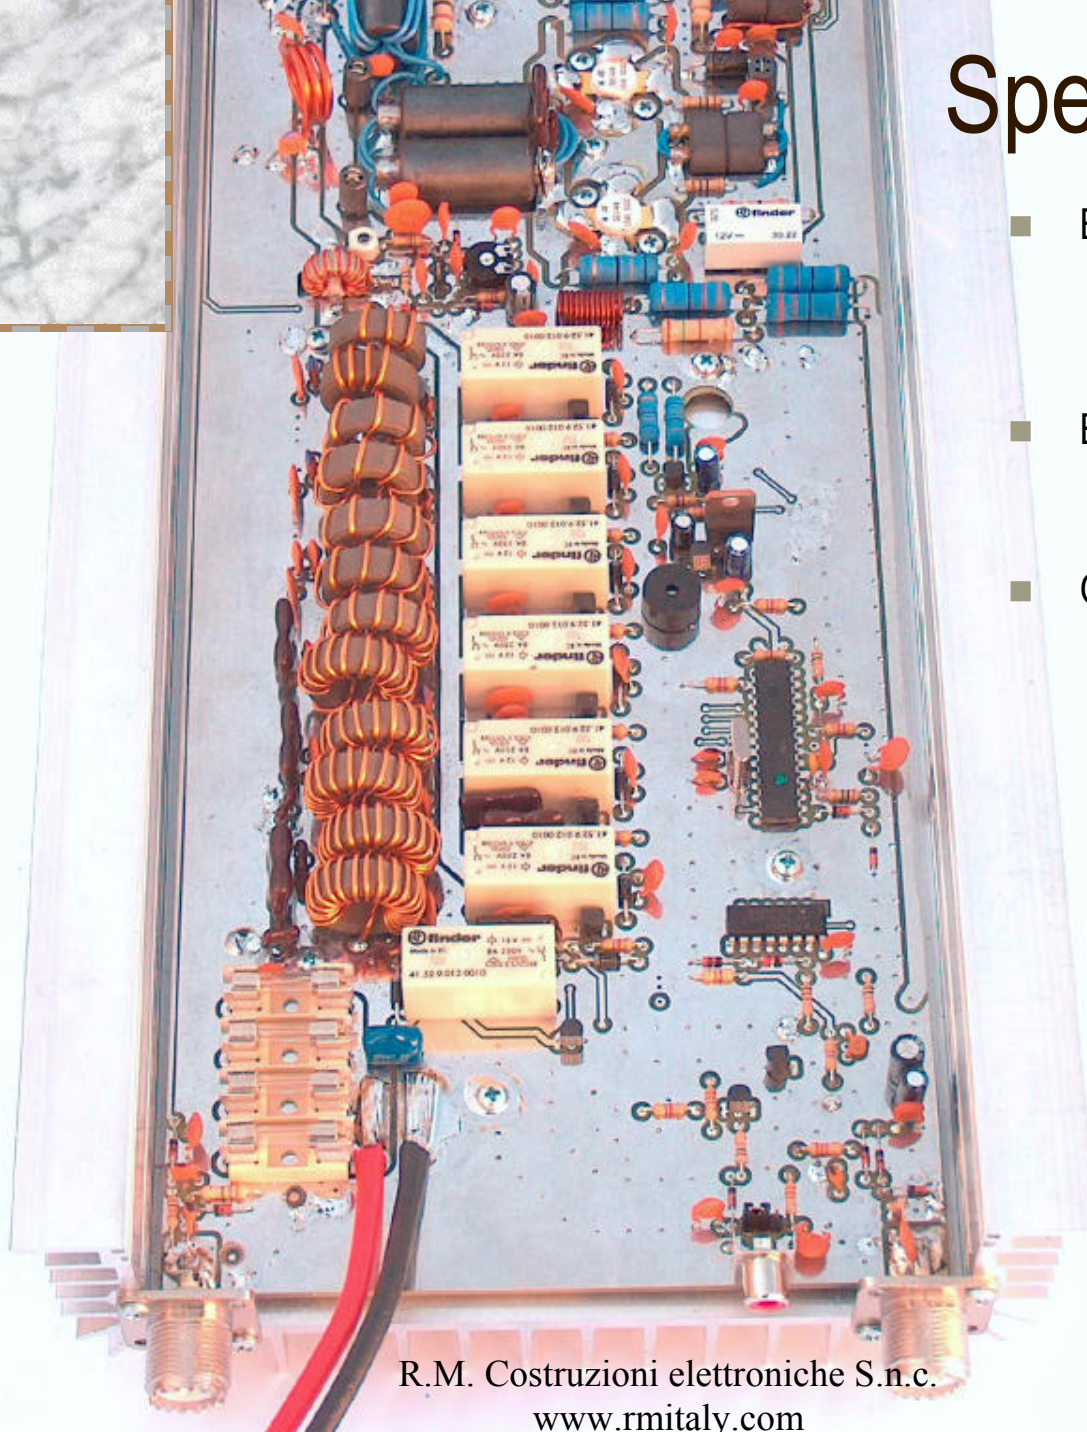

Frequency	1,8 – 30 MHz	Power input	1-15 W AM – FM
Supply	13.5 Vcc 40 A Max	Power output	300 W Max AM - FM

Specifications

- Use N° 4 SD 1446 in AB class
- Commutation by VOX or PTT
- Dim. 450 x 190 x 70

Specifications

- Band switch Manual
 - 160, 80, 40, 30-20, 17-15, 12-10 meters by frequency selection switch
- Band switch Automatic
 - Frequency selection by microprocessor
- Over temperature protection
